CSA CoC for GDPR Compliance

The CoC helps cloud service providers (CSPs) determine the level of protection they are required to provide and offers cloud customers a tool to evaluate the level of personal data protection offered by a CSP.

Home > Code of Conduct

What is the CSA Code of Conduct for GDPR Compliance?

No matter whether you are an enterprise Data Protection Officer using cloud services or a Cloud Service Provider, the CSA Code of Conduct for GDPR Compliance provides a consistent and comprehensive framework for complying with the EU's GDPR. The CSA Code of Conduct is designed to offer both a compliance tool for GDPR compliance and transparency guidelines regarding the level of data protection offered by the Cloud Service Provider.

GDPR Compliance Explained for Cloud

Applies to organizations subject to the EU's GDPR

Join the Alliance!

Join Circle

What is Cloud Security Alliance Circle? **Circle** is a global community that facilitates resources and security discussions within a diverse group of CSA partners to form the core foundation of the most vital information security community in the world. Circle provides for instant collaboration of intra/inter Chapter communication and access to global CSA knowledge.

1. Go to <https://circle.cloudsecurityalliance.org>
2. Create an account (upper right-hand corner)
3. Set up your profile
4. Join the **Swiss Chapter Community**
5. Post a discussion
